

Joint Press Release
August 12, 2021

OnTurtle customers now able to make cashless payments at LIQVIS LNG filling stations in Germany and France

LNG truck drivers can now fill up their vehicles at filling stations operated by LIQVIS and make cashless payments with the OnTurtle fuel card. Over the past years, OnTurtle, true to its commitment to offer its customers alternative fuels, has been increasing the network of gas filling stations. It currently has agreements with 81 filling stations in six European countries: Spain, France, Italy, Germany, the Netherlands and Belgium. That makes OnTurtle to a highly capable fuel card partner for LIQVIS.

OnTurtle is pleased to start its partnership with LIQVIS by adding its infrastructure to the company's network of gas filling stations in Europe. The new agreement means that OnTurtle will increase its offer with a new strategically located network. It is a pleasure for the company to collaborate with an industry leading partner such as LIQVIS.

Both companies are united by the common goal of providing our customers with an extensive and reliable network of LNG filling stations. LIQVIS is delighted to be extending the use of our LNG filling stations in Germany and France to OnTurtle fuel card holders in the future.

Uniper subsidiary LIQVIS has been operating LNG filling stations since 2017. These are located at strategic transport hubs that serve a particularly high volume of trucks, such as Berlin-Grünheide, Bönen, Hannover-Langenhagen, Kassel-Lohfelden, Calais and Bouc-Bel-Air. To meet the increasing demand for this alternative fuel, systematic expansion of the German LNG filling station infrastructure is planned for the coming years. As such, this year LIQVIS stations will also be commissioned in Bad Honnef and Magdeburg, for example.

About LIQVIS

LIQVIS is a wholly owned subsidiary of Uniper SE that is building and operating a needs-based LNG infrastructure for heavy goods vehicles. Founded in 2015, LIQVIS has been operating LNG filling stations in Germany since 2017. Steady expansion of this filling station infrastructure is planned for the next few years.

About OnTurtle

OnTurtle has been providing services to international transport companies for more than 25 years. It manages a network of more than 1,600 filling stations where its customers can refuel with OnTurtle fuel cards. The company owns two of these filling stations: La Jonquera and Mercabarna. The rest are agreements with partners in ten European countries. It also offers services such as VAT recovery, Ferry and tax recovery,

among others, in 28 countries. The company owns a secured parking located in the service area of La Jonquera, on the French border, certified by TAPA and ESPORG.
